With rentals, you often find that there is a conflict between tenants and landlords when it comes to repairs and damages when moving in, and moving out of a property. The best way to avoid any conflict or dispute, however, is to have a thorough inspection done when moving in and moving out of a property or even in the event when renewing a lease.

With our excessive experience in the property related industry we can assist you with a comprehensive property inspection report, protecting both landlords and tenants.

Our Property Inspection report includes:

- Property inspection - physical inspection by an experienced certified and registered valuer
- Professional property inspection report
- High quality service and after service to our clients
- Adhering to strict turnaround times

Other services:

- Replacement Cost Valuations
- 10 Year Maintenance, Repair and Replacement Plan
- Market valuations
